Lay Mentor(s)/Community Advisor(s) (please print) – __________________________________________

This form is provided to assist Lay Mentors/Community Advisors in rendering constructive and helpful observations of the intern. All of us need to see ourselves, as much as possible, as others see us. This is particularly true for persons called to community leadership and the public vocation of ordained or consecrated ministry. The perspectives and views that laity and community members provide in this document will be among the most important a Duke student will receive prior to graduation. Your help is requested specifically and solely to assist this intern in their growth in ministry and leadership. You provide important perspectives in this document, perspectives this person may never receive if you do not provide them now.

Please be forthright in your work. Seek to phrase your comments in ways which will enable the student to hear them. Students long for honest, helpful observations and comments.

This form will not fail a student or cost an intern ordination or employment. School and church officials use information from many different sources in making decisions on a student’s progress in school and ministry. If there is an item of concern not covered in this form, feel free to communicate it in writing to the school with a copy to the student.

Setting: Work in a private and comfortable place. You will need 1-2 hours to do a careful and faithful review. All Lay Mentors must be present to adequately complete this review. Work may be done with or without the supervisor’s presence. The supervisor will complete an additional evaluation. If the supervisor is present they should function only as moderator for the process.

Confidentiality: This form is retained in the files of the Office of Field Education. No one other than the student, staff, administration, and Divinity School faculty have access to this document, unless a student waives confidentiality. This material belongs to the intern and is used by the Divinity School to assess student growth and counsel students regarding their place and growth in ministry. This form must be completed jointly and signed by those persons who complete it. No one should, under any circumstances, sign a blank or incomplete form. The signatories should see the completed form before signing it. The intern should see that the form is forwarded punctually to the Office of Field Education.

Please note: our students pursue field education in a range of settings, and not all aspects of this form will be relevant to all settings. Consider whether your setting offered the opportunity for students to exercise these skills and grow in these areas. If it did not, it is acceptable to mark “not applicable.”
