In preparation for the review of their Portfolio, MACS students will need to compile the appropriate materials (listed below). Portfolios will be compiled electronically through Chalk & Wire. After securing a faculty member to complete the review, students will need to submit all portfolio materials to the faculty member at least one week in advance of the scheduled meeting. After the meeting, faculty members will compose a summary of the meeting including feedback for the student and will submit the evaluation through Chalk & Wire.

Materials included in the MACS Portfolio (to be compiled in the student’s final semester):

- One graded essay from XTIANSTU 705 or another applicable course on a biblical or historical text with instructor’s comments
- One graded essay from XTIANSTU 705 or another applicable course on a classical theological text with instructors comments
- Admissions essay on vocation
- Student Reflection on ability to exegete Scripture (500 words), ability to think theologically (500 words), and understanding of her/his Christian vocation (500 words)

MACS students will need to complete the review of their portfolio in order to become eligible for graduation.
